THE INTELLIGENCER.

LOCAL MATTERS.

Mr. J. O. McDaniel and wife, of Allatoons, Ga., are visiting relatives in Anderson.

Married, December 18th, 1879, by J. L. Bryan, Esq., Mr. L. O. Burton and Miss M. J. Latham.

See the advertisement of Mrs. C. R. Murray's school for young ladies, which appears in another column this week.

Married, December 24th, 1579, by J. L. Bryan, Esq., Mr. W. P. Carnes and Miss Mattle Hall. All of Anderson County.

A dozen of second crop apples, varying in size from a patridge egg to that of a tur-key egg, were pathered from a tree in the garden of Mrs. V. Burriss last week. Mr. S. A. Arnstein, of Camd. A formerly of Anderson, has been in our midst several days. He is the senior of the firm of Messrs. Arnstein & Rose, a man of fine business qualifications and still likes Anderson.

The Sunday Echool meeting in the Methodist Church on Sunday afternoon will be addressed by Revs. Drs. Frierson and Jones, and probably others. The Sunda, Schools of the town and public generally are invited to attend The citizens of Broadaway township are requested to meet at the new school house near Erskine's Crossing on Saturday, 10th instant, to confer with the school trustees in regard to the manner of conducting the free schools the ensuing year.

Mr. Jesse Ashley had his leg broken on Christman dey at Hones Path by his horse falling backwards with him. His injuries were very serious, but we are glad to learn that he is doing as well as could be expected, and that it is hoped he will recover without the loss of his leg.

The regular quarterly conference of the Methodist Church will be held on next. Saturday. Rev. S. B. Jones, D. D., Presiding Elder, will be present, and will preach on Sunday morning and evening. The Lord's Supper will be administered after the morning service.

On last Friday a son of Mr. P. A. Masters received a painful wound in his head, face and neck by the accidental discharge of a shot gun in the hands of a son of Mr. J. H. Masters. They were standing about twenty steps apart, and it is surprising that the wound was not more dangerous.

We would call attention to the advertisement of Rev. L. M. Ayer's school for young ladies, which opens on the 5th inst. Gen. Ayer is a gentleman of scholarly attainments, and is every way qualified to make an accomplished teacher. We regret that our limited space this week prevents a more extended notice of this school, the particulars concerning which will be found in the advertisement.

An interesting meeting of the stock-holders of the Anderson Educational Association was held in the Court House on Monday list. The following officers were elected to serve the ensuing year, viz. President, W. W. Humphreys; Directors, J. E. Breazeaie, E. F. Divyer, D. S. Maxwell, N. K. Gullivan, S. Bleckley, G. F. Tolly, John E. Watson, A. B. Towers, J. W. Norris, T. M. White, B. F. Whitner, W. H. Nardin.

thus establish the lecture system on a good basis in old Anderson.

One of the most pleasant occasions the people of Anderson have enjoyed during the holidays that have just closed was the pound party in Temperance Hall on Monday evening under the auspices of the Temperance Division. It was a success in every particular, and was participated in by a large number of both young and old. The little children of five and the grand parents of sixty years, and those of intermediate ages, were present, and every one seemed to enter into the pleasures of the occasion with a lively interest, and nothing occurred during the evening is must be pleasure of any one. The table was spread about 9 o'clock, and was laden with an abundance of delicacies of every description. The election for the pretiert and most popular young ladies preser resulted in favor of Miss Stark Bellotte Lyr popularity and Miss Maggie Evans for beauty. The Evans Cornet Band was present and added much to the pleasures of the evening. The party broke my about 10) o'clock, verybody being highly pleased with the evening sentertain event.

With the evening's entertainment.

Neither Tilden, Hendricks, Hancock nor Reperdent scarre enough Northern etcoloral votes in my indement, to ensure him, when backed by an entire Southern vice, as undisputed claim to the Executive Chair. Is it treasonable or even impedite for me to say se? If so, then I am both impolitic and traitorous.

I am not called spon to nominate a Presidential ticks, but I believe there are men in the North of sufficient purity of character and weight of trait to become the people's candidate, be they nominated by even the Demograte Convention, and who would govern this country for the benefit of the whole country, and not simply for the agrandicement of their party, While I do not thick either of the aforemental one country, and not simply for the agrandicement of success I such men as Hanthio Sey mount of New York, up David Davis at Illineis, were placed in namina-

whom 148 are Democrats, and of these 148
Democrats 98 are from the South, or very
nearly the two-thirds proportion there is in
the Secate. The Forty-fourth Congress
was the first since the war that was Democratic, and in that body the South had a
majority of the controlling party. Now,
search through the legislation of the intervening period, and show me, if you can,
where in any rings particular a just share
of legislation was awarded the South,
\$3,200,000 are voted away annually to pension Northern soldiers, and not as many
hundreds for Southern men, who fought
the battles of the country in Mexico or
Florida or the Indian wars. \$27,000,000 are
appropriated annually for an army in
which there is not a Southern officer. \$20,600,030 annually for a navy similarly composed. From \$7,000,000 to \$9,000,000 go
annually for the in-provement of rivers and
harbors, three fourths of which, if not
more, are expensed for the improvement
of Northern rivers and harbors. And so
the enumeration might be continued, ad
infinitum, illustrating how a Southern controlling influence is exercised continually
in a Democratic Corgress to foster and
build up the already prosperous North at
the expense in part of the improvement
of Northern rivers and herbors. And so
the enumeration might to the fragmentand the expense in part of the improverished
South. And why is this done? Singly
that we may pin our faith to the fragmentary remains of a party that has forfeited
our allegiance because it has long since forsaken the paths its founders trod.

In years gone by the very cynosure of the
Democratic party was Free Trade. To-day
the chief leaders of the Northeastern Democracy are Protective Tariff men. "No public money for internal improvements," was
ones the war cry of the Democraty Graduelly, as I have shown, the Democratic yate

and harbors. And to-day the Democratic
party is all adrift on that all important
question—the currency or National finantes.
